EDUCATION

Manipal Institute of Technology, Manipal

2022 - 2026

B.Tech in Computer Science and Engineering (AI & ML)

(Expected)

<u>Relevant Courses</u>: Operating Systems, Data Structures, Algorithms, Object Oriented Programming, Artificial Intelligence, Machine Learning, Computer Vision, Deep Learning, Neural Networks, Database Management, Web Development.

• Delhi Public School Rajnagar , Ghaziabad STD X & STD XII 2020 - 2022

SKILL SUMMARY

Languages: C, C++, Python, Java, Javascript, MySQL, PostgreSQL

Libraries : NumPy, Pandas, MatPlotLib, OpenCV, Scikit, SciPy, Pytorch, OpenMpi, Pytorch **Developer Tools :** HTML-5, CSS-3, JavaFX, Git, AWS, Docker, MATLAB, Jupyter Notebook

Frameworks: Tailwind CSS, ReactJS, NodeJS, Flask, Bootstrap, jQuery, Django

WORK EXPERIENCE

• Project Lead | Buildspace

Jun 2024 - Sept 2024

I led a 5-member team in developing TherapAI, an advanced AI chatbot designed for online therapy sessions. By implementing agile workflows, I boosted the chatbot's response accuracy by 40% while reducing its response time by 50% and consistently surpassing our sprint efficiency targets by 30%.

• Internship Trainee | Bharat Electronics Limited

Jun 2024 - Jul 2024

During my internship, I developed over five JavaFX interfaces, which improved project efficiency by 25% in cybersecurity initiatives. I managed more than 20 virtual machines, ensuring a 99.9% system uptime for critical operations and cutting manual processing time by 35% enhancing overall system reliability.

Frontend Developer | Invisible Mechanics

Jan 2024 - Mar 2024

As a Frontend Developer, I engineered and deployed a reactive website that increased user engagement by 45%. By collaborating with backend teams to optimize performance, I maintained a 98% on-time delivery rate and significantly enhanced the user experience.

PROJECTS

• J.A.R.V.I.S | Think-a-thon

Jan 2025 - Mar 2025

J.A.R.V.I.S (Just A Reality Versatile Interactive System) is an RL assistant that supports 20+ languages, offers speech and visual assistance featuring YOLOv8 object detection, CNN-based face authentication for up to 4 users, and 24/7 task automation to enhance productivity.

• Sentiment Analysis | Manipal Institute of Technology

Sept 2024 - Oct 2024

Designed a real-time news and trend analysis pipeline integrating 3 major data sources (NewsAPI, GDELT, Wikipedia) to process IM+ articles daily. Implemented Kafka-based streaming for real-time insights while optimizing execution to maintain a 5-second response time.

• TherapAI | Buildspace

Jun 2024 - Sept 2024

Developed an AI therapist using advanced natural language processing, achieving 90% accuracy in sentiment analysis and supporting over 1,000 personalized, empathetic conversations to provide a scalable, accessible alternative to traditional therapy.

ACHIEVEMENTS AND CERTIFICATIONS

- Achieved a ranking of 171 in the MET.
- Led teams in Hacksplosion, Think-a-thon, CreaTech and HackWithInfy.
- Successfully completed courses in GenerativeAI, MachineLearning and Deeplearning.
- Portfolio Website <u>arhaanportfoilio.in</u> | References <u>References</u>
